

OFFICE OF

THE TOMBSTONE MILL AND MINING COMPANY,

220 SOUTH FOURTH STREET,

GEORGE BURNHAM, PRESIDENT.

W. J. CHEYNEY, GENERAL MANAGER.

I. W. McELWEE, ASST. TREAS. & SEC.

Philadelphia, 7th 1891

My dear Sam.

On reaching here last eve in a hot car did not feel like waiting for a media train & then walking up the hill to "Graysdale" which from the name should be in a hollow. So I took the cable to Ed's which also enabled me to see Paul. I sent the Lecture Cards to J. J. Stone this morning. John Merrill's draft has been presented & paid. It is drawn in favor of "London Paris and American Bank Ltd" of San Francisco and is then sent to McElling & Stubenrith their representatives in this City for collection who receipted for payment on back.

I have heard nothing further from any of the Plumas Co people.

It was very warm here last night and continues so to-day. I thought you would find it hot in the car last night, but that your upper berth would come nicely into play. I enclose two letters from the Safford's which Dickson sent to me without comment. These are them to John, but he need not tell the

THE TONESTONE MINE AND MINING COMPANY.

THE SOUTH TOWNSHIP STREET

Safford is that he has them or has seen them
 I ask him to be careful about this as
 I have no authority from Mr. D. to send them
 I went across to get authority from Mr. D. to send
 these letters but he is away at a funeral
 and I cannot see him until tomorrow
 on reflection do not like to let them go
 out of my hands without his approval
so say nothing to John about them
 but advise him to at once accept
 the position regarding the 4 square
 of ground which Mr. Davis took with you
 Tell him that I so advise you, and
 I will write John tomorrow after see-
 ing Mr. Diston.

In haste
